

# e-INSTALLER

A newsletter for the valued customers of Southeastern Aluminum Products, Inc.

May 2006  
Vol. III • No. 3

## Here We Grow Again

This month, Southeastern Aluminum Products, Inc. broke ground on what will become the new home of its Jacksonville plant. The new building boasts 170,000 square feet of space, and can be expanded to 250,000. This will allow the entire production process to be housed in one building, with room to spare.

Below is the architect rendering of how the new plant will look when it is completed this fall.

## Out Now

- Signature Pivot 1/2 Inch Glass Option**  
 Southeastern Aluminum is now offering a 1/2 inch glass option in its Signature Pivot series. The 1/2 inch option works with the current pivot wall block kit and pivot header kit, and requires only a different pivot channel kit. In addition, a 1/2 inch wall channel, wall seal and a dual wipe drip will be needed for installation of 1/2 glass. All other parts are the same for both the 3/8 and the 1/2 inch glass options. The Signature Pivot is available with 3/8 and now 1/2 inch glass, and is stocked in silver, gold, brushed nickel and oil rubbed bronze.

## Coming Soon

- Online Ordering**  
 Our technology department is currently developing an interactive online ordering program. This new program will provide searchable product listings and allow the user to save commonly ordered products in a favorites list.
- Mirror Door Price List Updates**  
 Look for updates and changes to the Mirror Door Price List in early summer.
